

## Smart ideas for the bigger picture.

celexon - your specialist  
for home cinema and AV solutions

### PRODUKT INFORMATIONEN

The celexon inflatable outdoor screen INF200 is a mobile projection screen for outdoor use. It is ideal for private use, or for clubs, schools and events.

The electric fan provides frame rigidity and optimal tension of the PVC projection cloth. Thanks to simple set up, construction and dismantling with only 2 people and a few steps is possible without complex tools.

The PVC projection cloth has a black, light blocking backing. This means light sources behind the screen have no influence on the projection.

With this screen you can enjoy your outdoor cinema at home in the garden!
