celexon - your specialist
for home cinema and AV solutions

PRODUCT INFORMATION

celexon Microphone UV Sterilizer Professional disinfects 99.9% of bacteria on a microphone within 5 minutes using the ION deodorization function.

The special design with integrated Reflectors distributes the UV-C radiation effectively and evenly for a clean and fast result.

The handling is easy thanks to the touch field and with the help of light signals, instructions and statuses of the

celexon Microphone UV Sterilizer Professional are visualized. The integrated UV radiation protection as soon as the device is tilted by more than 30°. This prevents UV-C radiation from escaping unnecessarily and prevents the cleaning from being completely effective.

The battery can perform up to 5 cleaning cycles when fully charged. To Aufl aden connect the sterilizer directly to a USB TYPE DC 5V power supply (not included) using the USB-C cable supplied. Within 2 hours the sterilizer is fully charged and ready for use.

OPTIONAL ACCESSORIES

celexon Voice Booster Microphone
Speaker Professional

TECHNICAL SPECS

Power supply Battery pack	3.7V 420mAh Li-ion Batterie
Power consumption	5W
battery life on full charge	5x Cleaning operation
Light sources	UV-C Light
Wavelength	254nm
Intensity	>300um/cm ²
Automatic switch-off	after 5min cleaning operation
UV radiation protection	No start-up if the device is tilted at an angle of more than 30°
Loading time	2h
Dimensions	80 x 110 x 80mm (LxHxT)
Weight	200g

The values given represent the average values of a unit produced in series. Minor deviations are possible in detail. Due to continuous technical improvements we reserve the right to change the design and Spezifikationen without prior notice.

DELIVERY OF SCOPE

- 1x UV Sterilizer
- 1x Bag
- 1x USB-C Cable
- 1x Manual

Optionally required: USB TYPE DC 5V
power supply (not included)
