### PRODUCT INFORMATION

Height adjustable table stand for microphones! The uncomplicated height adjustment and the small packing size make the celexon Microphone Stand Professional the ideal companion for lectures, speeches, podcasts and other voice recordings. The stable stand guarantees a secure stand and can be quickly adjusted to the respective speaker. The swivel thread allows for infinite height adjustment and the flexible head section positions and holds the microphone at the appropriate angle.

Disassembled into three parts, the stand fits in any pocket and can be transported without any problems. The stand is supplied with microphone spring clamp and reduction thread.
