celexon - your specialist  
for home cinema and AV solutions

#### PRODUCT DESCRIPTION

The celexon Professional height adjustable display Trolley Adjust-3770MP with a load capacity of up to 50kg is perfect for use in different environments and is suitable for displays from all major suppliers. The height can be adjusted from 160 - 175 cm. The trolley is made of painted steel with 4 heavy duty castors making it easy to move while offering a secure base. Two lockable castors offer protection against unwanted movement. If you do not need the mobility, you can replace the castors with the four included feet.

These trolleys offer enormous convenience of use with an integrated shelf and wide base plate that serves as additional mobile storage space.

These trolleys provide practical features such as the glass shelf and integrated cable management.
