

SMS RAPID

Ready for the exhibition in one click

Do you need to mount a videowall quickly? And do you need to dismount it just as quickly, in order to transport it for use at the next event or by next customer? If so, the SMS Rapid is just what you're looking for.

- You choose the display size that you use most often: 46" or 55". This is delivered in modules designed for 3 x 2 displays in a functional transport crate.
- You can then base your videowall on the easily mounted modules, and create walls of dimension 1 x 1, 1 x 2, 2 x 1, 2 x 2, 3 x 1, 3 x 2 displays.
- The various parts are easy to mount using rapid-release eccentric locks.
- The modules make it easy to align the displays exactly. All four corners of the displays can be separately adjusted in depth, and the heights can be adjusted precisely. The displays can also be moved horizontally, depending on their size.
- And all this without requiring special tools!
- Maximum weight of each display: 40 kg. Finish: Aluminium/anthracite grey.

QUESTIONS AND ANSWERS:

Is it possible to adjust the displays after they have been mounted?

- Yes, fine adjustments can be made both in height and depth. The heights of the feet can also be adjusted.

How does transport of the product work?

- The SMS Rapid is delivered and stored in a practical specially designed wooden crate, with space for all components.
