Business Apps to Enhance Productivity

- Blizz allows you to do a video conference and share your screens with your colleagues.
- TeamViewer Quick Support app allows a remote user to securely connect and troubleshoot the projector.
- The WPS Office app allows you to present Microsoft Word, Excel, PowerPoint, through the USB or using built-in storage on the EH600.
- Built-in FireFox browser allows users to surf the Internet during your meetings.
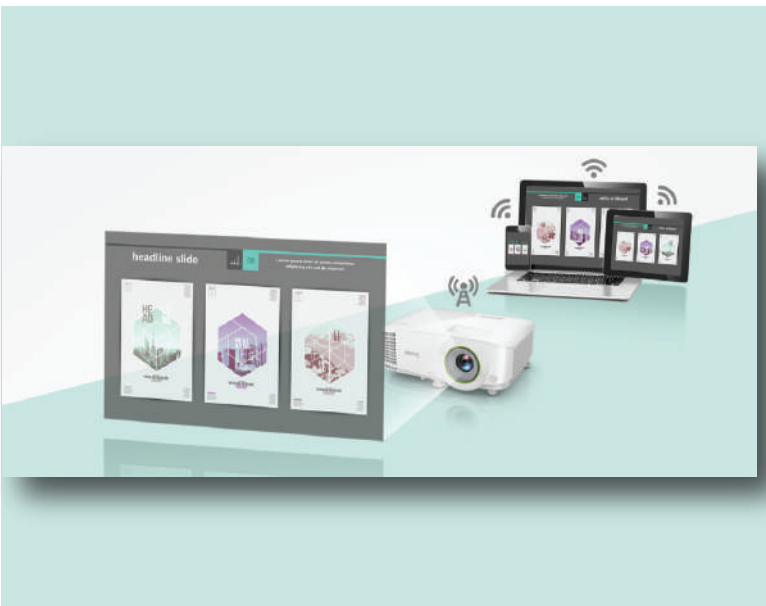

More engaging huddle sessions are now possible from these built-in apps conveniently in your EH600!

*Controlling the projector with BenQ Smart Control app is recommended for easier navigation when using FireFox.

More Convenience with Just a USB

Supporting a wide range of file formats such as JPEG, PDF, Microsoft Word, Excel, PowerPoint, and more, the EH600's USB Type-A port allows you to easily project images or documents directly without the need for a PC. Convenience made easier!

Keep Your EH600 Firmware Current with Over-The-Air Update

IT administrators can now update the firmware on the EH600 over the air whenever a new firmware is available. Eliminate the cable clutter and multiple dongles in your meeting room with the EH600. With wireless projection and mirroring capabilities, users can bring their smartphones, tablets, or laptops to instantly mirror to the projector. No more figuring out what ports your laptops have or what dongles you need.
