

Neets

4K Webcam

Create the right conditions for productive remote collaboration! The Neets 4K Webcam, with 4K UHD and 120° wide field-of-view, captures razor-sharp video. You are free to mount the webcam wherever gives you the

best angle - on the display or a flat surface. The built-in microphone array picks up a full range of sounds and the noise-canceling algorithms ensure that everyone in the room is heard clearly, no matter where they are sitting.

TECHNICAL SPECIFICATIONS

Product Number

325-0100

Camera

Image sensor: 1/2.5", CMOS, Progressive scan
Lens: Field-Of-View: 120°, Focus: 2.8mm
White balance: Auto
Backlight compensation: Supported
Digital Noise Reduction: 2D & 3D reduction algorithm
Signal Noise Ratio: > 55dB

Video processing

Resolution: Ultra HD 4K, 2160p @ 30fps
Color/Compression: YUY2/MJPEG/NV12/H.264

Microphone

Built-in Microphone Array: 2x Omni-directional microphones, Noise Suppressing algorithm

Connections

USB Interface: 1 x USB-B (3.0)

Power Consumption

USB-powered: Max. 3W

Dimension/Weight

Length: 194 mm
Width: 34 mm
Height: 42 mm
Weight: 340g

Mounting/Installation

Mounting clip, 1/4" - 20 UNC thread

Material/Color

Black, matt

Approval/Certification

CE & FCC approved
