

LiveRooms

Easy and efficient room booking

LiveRooms is a room booking solution that simplifies your meeting room booking process. With the ability to intergrate with Outlook 365, Microsoft Exchange and Google Calendar, book meeting spaces from your desktop PC calendar or if you are on the go, book live at the source. The LiveRooms panel has LED lighting for at a glance meeting room status and a summary status for broadcasting to LFDs to ensure staff can swiftly locate a meeting room to maximise productivity time.

What's New?

NEW

Integrate with Google Calendar

NEW

Microsoft Security Graph Connector

NEW

12/24 hour time toggle

CLEVER® LIVE

CleverLive Integration

LiveRooms integrates with CleverLive so you can feature digital signage content on the room booking panel.

Key Features

Complete desktop to display room booking management

Connects to CleverLive for digital signage alert messaging

Personalised branding for company or visitor logos

Integrates with Outlook 365, Microsoft Exchange and Google Calendar

Saves valuable admin time

Instantly schedules and reserves the room

Displays availability with green light when available, red light when in use

Real time availability display on LFD screen

Analytic reporting capability

How does it work?

Connect

Connect your CleverLive CLOUD digital signage to your LiveRooms display to send instant alerts.

Book Source

Book via Outlook 365, Microsoft Exchange and Google Calendar, or at the source. Ideal for planning ahead or ad-hoc meetings on the run.

Display (Availability)

Colour coded availability – red indicates booked and green available. Add value and display digital signage messages when not in use.
