

# WH64 Hybrid Datasheet

## Yealink WH64 Hybrid DECT Wireless Headset

The Yealink WH64 Hybrid is a wireless headset with a DECT dongle for Hybrid working. Due to its integrated DECT and Bluetooth modes, it offers a flexible and efficient solution for multi-connection mobile working in various scenarios. Its advanced acoustic shield technology 2.0 filters out background noise for clear sound transmission. The DECT wireless connectivity technology offers an exceptional call range of up to 150 m, ensuring reliable and uninterrupted communication over significant distances. It connects seamlessly with UC platforms for plug-and-play and device switching. Ideal for clear conversations and smooth office experiences.

DECT & Bluetooth Hybrid Wireless Technology

Acoustic Shield Technology 2.0

Advanced Level of Call Security

Ultra-Long Range Connectivity

All-day-wearing Comfort

Hybrid Visual Busylight

Up to 32 hours Talking Time

Compatible with mainstream UC platforms

### Key Features

WH64 Hybrid Mono

WH64 Hybrid Dual

**DECT & Bluetooth Hybrid Wireless Technology**

With the innovative dual-mode wireless technology from Yealink, the WH64 Hybrid headset integrates DECT and Bluetooth signals, allowing for seamless multi-device connectivity across different signal modes. Whether you're in a busy office or on a business trip, this headset ensures clear and professional conversations.

**Acoustic Shield Technology 2.0**

The WH64 Hybrid incorporates Yealink's acoustic shield 2.0 technology, utilizing three built-in microphones to automatically block background noise and ensure clear communication. This advanced feature eliminates interference from various sources, allowing effective communication in busy offices or noisy open work environments.

**All-Day-Wearing Comfort**

After conducting thorough research and analysis, the WH64 Hybrid has been meticulously designed, taking into account the principles of ergonomics. Its lightweight design and carefully selected materials provide durability and stability.

**Ultra-Long Range Connectivity**

The WH64 Hybrid offers a 150 m DECT wireless connection range for extended connectivity. No matter when and where your conversation begins, the office headsets can always catch up with your steps. In addition, the product supports high-density installation in the open office.

**Specifications**

<b>Specifications</b>	<b>Introduction</b>
-----------------------	---------------------

General	<ul style="list-style-type: none"> <li>· Port</li> <li>- 1 Type-C USB 2.0 port</li> <li>· Connect to your computer with WDD60(USB-A)</li> <li>· Bluetooth connectivity to 1 mobile device</li> <li>· Boom arm adjustable: 280°</li> <li>· Integrated busylight LED indicator</li> <li>· WH64 Hybrid Mono</li> <li>- DECT Dongle: 4.5 g</li> <li>- Headset: 92 g</li> <li>· WH64 Hybrid Dual:</li> <li>- DECT Dongle: 4.5 g</li> <li>- Headset: 151 g</li> </ul>
Battery	<ul style="list-style-type: none"> <li>· Talk time:</li> <li>- Dect mode: up to 14 hours (Mono), up to 16 hours (Dual) ;</li> <li>- Bluetooth mode: up to 26 hours (Mono), up to 32 hours (Dual)</li> <li>· Music time:</li> <li>- Dect mode: up to 13 hours (Mono), up to 16 hours (Dual)</li> <li>- Bluetooth mode: up to 41 hours (Mono), up to 48 hours (Dual)</li> <li>· Standby time: 157 hours (Mono), 195 hours (Dual)</li> <li>· Charging time: 1.5 hours (5 V/1.2 A)</li> </ul>
