

EVER 620 Freestanding

Freestanding AV-Furniture – Versatile, Elegant, and Ready for Anything

Designed to meet the evolving demands of modern workplaces, this **Freestanding AV-Furniture** delivers unmatched versatility and clean design for video conferencing, presentations, and collaborative spaces.

Whether you're using a single or dual display setup, the Freestanding supports a wide range of display sizes and video conferencing systems — making it the ideal centerpiece for meeting rooms, open office spaces, and hybrid environments.

Stable, Smart, and Installation-Friendly

The Freestanding is equipped with a solid base and adjustable feet, ensuring a perfectly level installation on any surface. Integrated cable routing makes setup clean and simple, with dedicated channels for cables to enter and exit the stand discreetly.

Space for What Matters

Inside the generously sized stand, you'll find plenty of room for all your essential technical equipment. Add one of our **accessory installation shelves** to securely mount media players, PCs, or conferencing hardware. Accessing your gear is easy through the **magnetic front cover** or the **removable rear panels**.

Designed for Modern Workspaces

With a sleek, architectural design that looks just as good from behind as it does from the front, the Freestanding blends seamlessly into any office. Whether it's placed against a wall or freestanding in the center of a room, it brings both functionality and aesthetic appeal.
