for home cinema and AV solutions

PRODUCT DESCRIPTION

The new MultiCel ceiling mounts from the Expert series are compatible with almost all standard projectors. The high quality mounts have an excellent design and provide good functionality. The mount has a universal projector plate which provides excellent stability and rigid alignment of the projector. The mount comes with extension arms which allow use with larger projectors – up to 25cm. The mount has a quick release mechanism enabling the projector to be detached by the single press of a button. This makes maintenance (lamp or filter replacement) much easier.
