

Smart ideas for the bigger picture.

celexon - your specialist
for home cinema and AV solutions

PRODUCT DESCRIPTION

The celexon Projector Case protects your projector whilst being transported or stored. It is extremely sturdy thanks to its hard shell frame. The exterior of the bag is washable and waterproof and the plastic feet on the bottom of the case will protect it whilst sat on the ground. The interior space can be customised to fit the case contents comfortably. In addition to the main compartment, there are extra pockets for remote controls, CDs, documents and cables - all sealed with a zip for added security. The back pocket can be unzipped at the bottom to double up as a luggage handle attachment. A padded carrying handle and detachable shoulder strap make it very comfortable for carrying over longer distances.

KEY FEATURES

- Sturdy Hard Shell Frame
- Washable and Waterproof
