

WARNING

To prevent electric shock, please do not open the device case. Internal components of the device are not user-serviceable. Please contact professional maintenance staff for repairs.

Notice

Although there is an ENCLOSED PROJECTION BARE ENGINE in the projector, avoid obstructing the air inlet with any objects during use. There is no dust filter on the vents. Still, it is necessary to avoid obstructing the air inlet, as this will trigger the projector's LCD panel and COB protection mechanism due to poor ventilation.

Important safety announcements

Don't install equipment in a poorly ventilated area.

Don't install equipment in hot and humid areas.

Don't block the vent (intake or exhaust).

Don't install equipment in dusty or smoky areas.
